HIGHLY LEGIBLE - EASY TO USE

The 3/8 inch durable molded plastic numerals and letters slide easily into their specially slotted plastic base. Plastic "screens" slide into base behind the characters for added attractiveness if desired. Each base stands by itself on its own pedestal base. Bases may then be mounted in tiers for longer messages. In this manner you can assemble as many as 14 different designs -- each only in a matter of seconds. MINIMARKER is the perfect pricing and message kit for display of countless smaller items -- in show windows, cases etc. wherever vivid, distinctive display pricing and marking is required.
